EVENT HISTORY

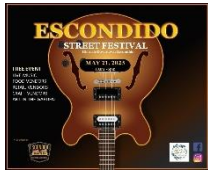

Since 1989, the Escondido Street Festival has had many names but brought thousands of people to our beautiful historic downtown. In May of 2022, under new ownership by the Escondido Downtown Business Association and with the help of a music grant, improvements were made to increase marketing, add quality professional live music, stage, sound and beer and wine gardens. The result of these changes brought a 75% increase in vendors. According to city calculated cell phone data, last year's festival brought approximately 60,000 people, doubling the prior year's attendance. In fact, the May 2022 Escondido Street Festival was the biggest event in the City of Escondido in the last 5 years!
